

THE MIRACLE AT THE WEDDING

This is a craft that you will need to print off – or ask an adult to do it for you!

When you cut out the circle, please colour one half of it red, and the other half blue. The blue side represents that water that was in the jugs at the wedding.

The red represents that wine that Jesus made by a miracle. He changed the water into wine! You can spin the circle to show the water (blue) into wine (red)!

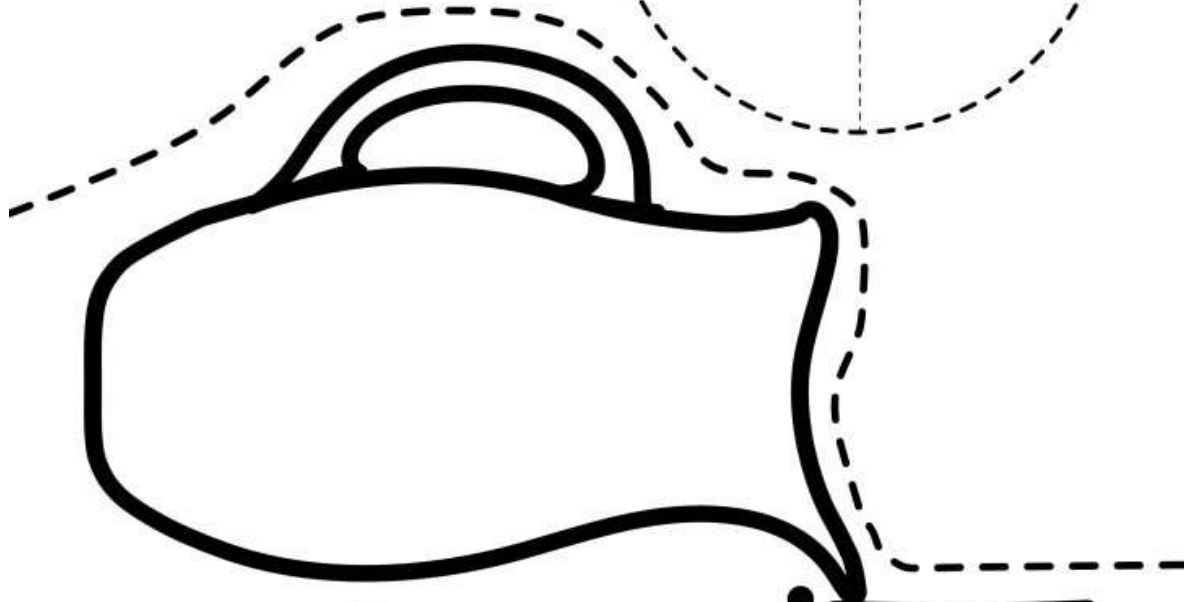

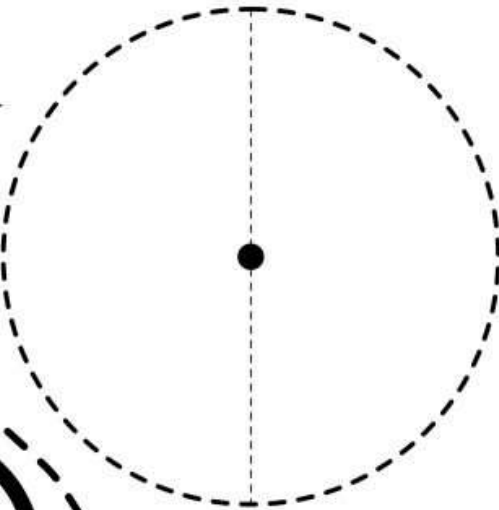

What you need:

- Template Page – PRINT IT
- Crayons or Pencils
- Scissors
- Fastener pin

What to do:

1. Colour in the template page
2. Cut around the dotted line
3. Fix the circle to the page with the fastener pin.

Colour half red
And half blue

Do whatever

He tells you.

John 2:5
