

PETER AND ANDREW WERE FISHERMEN WHO JESUS INVITED TO BE HIS DISCIPLES. I WONDER IF ANY OF THEIR FISH LOOKED LIKE THIS?

How to make a paper roll fish

You will need:

- one painted recycled cardboard tube per fish (you can use a paper towel roll cut down to size or a toilet roll, both will work)
- more paint to decorate
- googly eyes and glue
- permanent marker
- scissors

How to:

1. Flatten your cardboard tube
2. Cut a rounded end for the fish's head and two slits at an approximate 45° angle for the tail
3. Fold the angled cut inwards both forwards and backwards and then tuck it inside the fish to create the tail
4. Decorate your fish with paints and allow to dry
5. Glue a googly eye onto each side and draw on a mouth with a marker
